### **BUREAUCRATIC TIPS**

### **NIF GUIDE**

You'll need a tax number or Numero de Indentificacao Fiscal (NIF) if you want to involve in any official or legal activities such as paying taxes or buying a property in Portugal. You can apply for a Portuguese NIF number through the tax authorities.

The NIF number is a nine-digit number that is unique to each resident whether they're resident or nonresidents. You may see this number displayed on tax cards and the citizen's ID card.

# You can apply for a Portuguese NIF number in following places:

Local tax office of the Portuguese tax authority - at a local branch of a Citizen Shop - at a counter that provides the Citizen Card

You can also get a temporary NIF number via a Portuguese lawyer or a fiscal representative who agrees to act on your behalf if you're a non-resident and want to apply from outside of Portugal,

For Non-EU: Please check SEF.

### **BUREAUCRATIC TIPS**

# The document requirements for a Portuguese NIF number:

- A valid piece of photo ID (or a scanned, signed copy if applying through a lawyer or representative). For nationals from outside the European Union (EU), European Economic Area (EEA) or Switzerland, this must be a passport. For EU/EEA/Swiss citizens, a national ID card from your country is sufficient. In some circumstances, those unable to present a passport or official photo ID can use their birth certificate instead.
- The proof of your address (e.g., utility bill). If you're applying from abroad through a representative, you'll need to provide a Power of Attorney document (translated into Portuguese) which grants them permission to act on your behalf.

There is no fee for getting a NIF number in Portugal. The fee for the Portuguese tax card is €6.80.
